

105 ESTABLISHMENT/RELOCATION/VOLUNTARY CLOSURE/SALE OF BRANCHES/BRANCH-LITE UNITS

The Bangko Sentral aims to promote greater access to efficient and competitive banking services through the adoption of proportionate regulatory framework that provides banks with flexibility to execute their strategies and enables them to innovate in line with their business model. This is premised on the expectation that banks have effective governance and risk management systems as well as adequate capital to support the implementation of their strategies.

Toward this end, the following guidelines shall govern the establishment, relocation, voluntary closure and sale of local branches/branch-lite units of domestic banks, including locally incorporated subsidiaries of foreign banks. The establishment of branches of foreign banks in the Philippines, on the other hand, shall continue to be governed by the provisions of Sec. 103 on liberalized entry and scope of operations of foreign banks and Sec. 106 on establishment of subbranches of foreign bank branches.

For purposes of this Section, the following definitions shall apply:

A *branch* shall refer to any permanent office or place of business in the Philippines other than the head office where a bank may perform activities and provide products and services that are within the scope of its authority and relevant licenses. In this respect, a complete set of books and records shall be maintained in each branch.

A *branch-lite unit* shall refer to any permanent office or place of business of a bank, other than its head office or a branch. A branch-lite unit performs limited banking activities and records its transactions in the books of the head office or the branch to which it is annexed.

Allowable activities of a branch-lite unit. A branch-lite unit may perform activities and provide any of the products and services that a branch may perform or provide except those suited only to sophisticated clients with aggressive risk tolerance ¹ *Provided, That:*

- b. The board of directors shall ensure that the branch-lite unit has adequate personnel, internal control measures, physical facilities, security arrangements and information systems commensurate with the extent of banking activities undertaken and services offered by the branch-lite unit;
